

A CLASS OF WINE

A CLASS OF  WINE

Hi, I am Lynda!

When I first became curious about wine, I quickly became confused! I didn't know the difference between a Sauvignon Blanc and a Riesling, I didn't know a Rioja from a Bordeaux.

Over the past two decades I've been learning and learning and I've enjoyed every minute of it. I spent years training and over 10 years working for an independent wine merchant. I set up my own social wine tasting business in 2017.

In order to be able to reach out to more people, I decided to create '**A Class of Wine**' as a way to teach people how to:

- Navigate your way through confusing wine lingo.
- Demystify wine labels.
- Get to know your own preferences.
- Consistently find styles of wine that you adore.

I can't wait to share my love, passion and knowledge of wine with you.

WHAT IS A CLASS OF WINE?

A Class of Wine consists of a series of online wine appreciation courses. Each course is designed to be stand-alone with clear concise, easy to follow, simple bite sized lessons.

These courses will be delivered through V-Books. They are the hottest thing right now, similar to an E-Book with the addition of videos to assist in the learning experience.

WHAT DO YOU NEED?

All you need is a laptop or a smart phone and an internet connection and you will be able to access the tutorials. It is handy to have a notebook and pen if you want to make any notes. A glass of wine in hand also makes studying about wine a lot more enjoyable!

WHO IS IT FOR?

Let me ask you something..

Do you enjoy drinking a good glass of wine?

Are you baffled by how confusing wine can be?

Do you find yourself staring blankly at wine shelves unsure which bottle to choose?

Are you stuck in a wine rut always choosing the reliable option?

Are you fed up wasting money on wine that is just ok?

***If so then these are the wine courses for
you!***

Wine can be so complicated, but I can help you shortcut the learning experience.

A Class of Wine series of courses will give you the tools, language and clarity to enhance your wine tasting experience.

My aim is to ensure that wine education is accessible to all without letting you become overwhelmed, or intimidated by snobbery.

Does this sound like what you have been waiting for?

WHAT TO EXPECT?

My courses are fun, engaging and informative.

There will be a series of tutorials available to encourage you to learn more about wine. The first in the series is '**Back to Basics**' which gives a fantastic introduction and overview of wine basics. It is important to create a solid foundation.

By the end of lesson one '**Back to Basics**' you should be able to -

- ✓ Understand the process of how grapes get from vine to glass.
- ✓ Understand the factors that influence a wine's flavour and style type.
- ✓ Distinguish the characteristics of the six major grape varieties.
- ✓ Properly taste wine like a pro.
- ✓ Know how to read and understand a basic wine label.
- ✓ Impress your friends at dinner parties with your new found knowledge on food & wine pairings.

Did you know that there are slightly different processes involved in making white, rose & red wine?

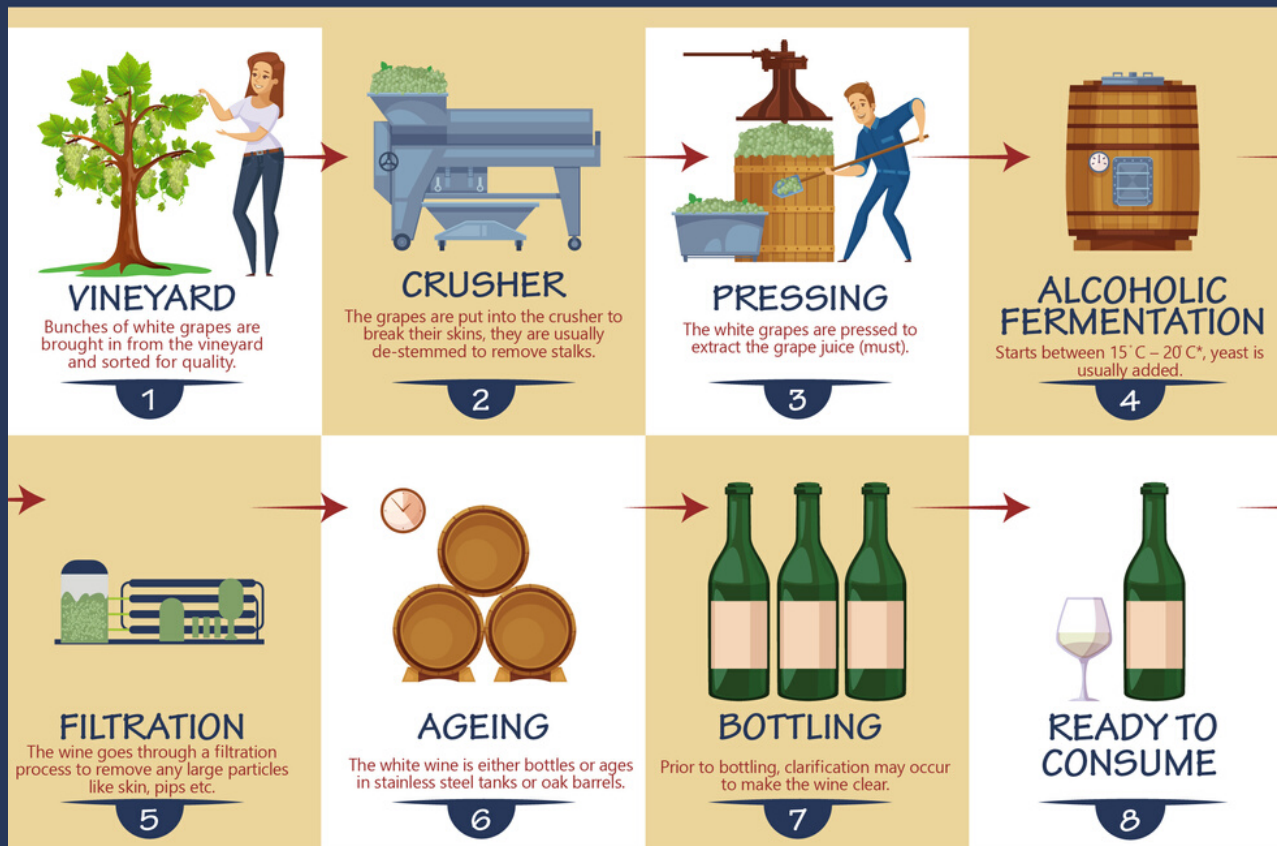

Here is a sneaky preview of the type of info-graphic from the *'Back to Basics'* course demonstrating very simply how white wine is made.
